

Affidavit to Challenge the Recall Petition

I, Gwen Keller, being duly sworn hereby challenge the recall petition for the following reasons:

- In one or more instances (see attached)
 - the signature is that of an individual who is not a resident of the jurisdiction or district from which the elective official being recalled is elected
 - the circulator knew or should have known that the signer, for any other reason, was not a qualified elector
 - a person signed the recall petition more than once
 - someone other than the elector signed for the elector... and the elector is (not) unable to sign due to physical disability and (did not) authorize(d) another individual to sign in his or her behalf
 - an individual is ineligible to sign the petition
 - the purpose was misrepresented by the circulator
- In addition, the reasons for the recall as stated on the recall petition are based on falsehoods that are currently pending legal resolution

I declare that to the best of my knowledge and belief that the statements herein are true and correct and complete.

Executed this 28th day of December, 2023.
